Employability at INTO City

Student success

# London's most career-intensive pathway

Discover the right path and outshine the competition. Our courses won't just prepare you to excel at university – they'll help you stand out to employers, secure top internships and get the most from your study abroad experience.

## Your digital development portfolio

As part of the English for Academic Purposes (EAP) module, you'll develop a digital portfolio to support your applications for placements, internships and graduate jobs.

### Personal development

- **Discover** more about yourself and grow personally.
- **Explore** different career paths.
- **Find** out which skills you need for the job you want.

### Career skills development

- **Develop** your CV through writing exercises.
- **Learn** how to search for jobs and submit applications.
- **Build** key soft skills such as communication and teamwork.

### Industry and cultural experience

- **Attend** field trips, workshops and industry talks.
- **Recent events** have included workshops by Accenture, Deloitte and Ernst & Young and networking sessions with Allianz, Apple and L'Oreal.

To help build your professional network, you'll set up a LinkedIn profile and keep it updated during your time at INTO City.

This is INTO City.

Join INTO City students at the London Jobs fair

### INTO CareerFirst virtual internships\*

Secure a guaranteed virtual internship with an innovative start-up, SME or global employer during the summer between your pathway and degree.

### INTO CareerFirst Summer Boost\*

Spend the summer developing your network and skills. This intensive program takes place in London, preparing you for all the career-building opportunities at City, University of London.

\*INTO CareerFirst programs are available at an extra cost.

# Build a thriving career at City, University of London

Get ready for success with City, University of London's extensive employability program. Develop the real-world skills employers want and establish important industry connections, becoming a highly employable graduate who is driven to succeed.

You'll have access to a wide range of career-enhancing services and opportunities during your degree program, including:

## Professional mentoring

One-to-one support and expert careers advice from a professional in your target industry.

## Employer visits

Visits from major employers to deliver presentations, attend careers fairs, run skills sessions and hold workshops.

## Specialist careers advice

Interview practice, application support, CV review and access to extensive resources including aptitude testing systems.

## Industry experience

One-year paid placements for undergraduates. Previous students have worked at Goldman Sachs, Deloitte, Warner Bros and PwC.

“*Students from INTO City already have an advantage over many overseas students who join our programs directly. Being a step ahead academically can be matched by being a step ahead in the search for an attractive job now that embedded employability skills are going to be available.*”

**Dr Russell Gerrard**

Associate Dean for Learning and Teaching  
at Bayes Business School

# Employability for your industry

For 125+ years, City has transformed passions into careers through exceptional education. Each faculty also offers employability services and opportunities related to their subject area.

## Business

Your tailored route to a **world top 60\* business school**. Triple-accredited Bayes Business School graduates **earn £52,167 on average after just five years** – higher than any other UK university\*\*, including Oxford and Cambridge.

- **Located in London's financial district**, home to hundreds of global businesses, international banks and tech companies.
- **90% graduate employment<sup>†</sup>**, targeted by IBM and Goldman Sachs.
- **Entrepreneurship funding** from City Ventures and the City Launch Lab.

## Law

**Become part of an elite community** at The City Law School – where leaders learn law. Follow in the footsteps of its prestigious alumni, **who include world leaders**, judges and other top legal professionals.

- **Study in central London**, close to major law firms, courts and tribunals.
- **In-house legal clinic** where students give legal advice to the community.
- **Pupillage Advisory Service** provides bespoke advice for aspiring solicitors and barristers.

## Computer science

City has been **leading in computer science education for 60+ years**, providing some of the UK's first computer science degrees. City's computer science **graduates earn £31,174 after just 15 months<sup>††</sup>** – that's higher than the UK average.

- **Located near 'Tech City'** and the UK headquarters of Amazon, Google and Microsoft.
- **Accredited degrees** mean you'll graduate with the academic requirement for registration as a chartered IT professional.
- Previous **placements have included** IBM, PlayStation, Disney and Microsoft.

\* QS World University Rankings 2023

\*\* 5 years after graduation (Adzuna 2022)

† Within 15 months of graduation (Graduate Outcomes 2019/20)

†† Average graduate salary 15 months after completing one of City's undergraduate Computer Science courses (Graduate Outcomes Survey 2018/19)

# Inspiring student success

Unlock your potential at INTO City. Follow in the footsteps of CEOs, innovators and global leaders at City, University of London.

“I’m currently working in the direct trading team in the oil swaps market for a leading market maker in London. I had a career mentor [at City, University of London]. He was a massive help – he helped me with my CV, and we had a lot of mock interviews as well. It’s not just the knowledge that I learned, it’s the whole process of how to get there.”
