Started:

2021

Pathway:

International Foundation
in Business and Economics
with Accounting

Progressed to:

BSc (Hons) Investment and
Financial Risk Management
at Bayes Business School
(formerly Cass)

What did you love about the International Foundation pathway?

The best thing about the course was how prepared and confident it made me feel, because of how well the course is structured. It allowed me to gain valuable key skills and knowledge in important subject areas such as mathematics and academic English. This was the perfect preparation for me to start my first year at university.

“ I am confident enough that my experience at INTO City has been a great journey that I will remember for a long time. ”

How has studying at INTO helped prepare you for your degree?

As this program is accelerated, the intensity of studies was higher and this taught me how important it is to manage my time efficiently. Another fantastic aspect of the course was how incredible the academic staff were. Their professionalism and knowledge motivated me to succeed.
